

# COVID-19 Kalkaska County Monthly Summary – November 2021

The purpose of this monthly summary is to provide you with more information regarding cases referred to the health department over the past month. Information is obtained through the Michigan Disease Surveillance System (MDSS). Data provided is for confirmed cases only unless otherwise noted as probable.

**There was an increase in confirmed COVID-19 cases this month.**

**Less than half of the cases were symptomatic during their course of illness.\***

Please note: Symptomatic and Asymptomatic are both contagious

**Of those with symptoms, the most common symptoms were cough and congestion.**

**Known source of exposure has been identified for less than half of the cases.**

- 1 case is associated with a known outbreak connected to daycare
- Of those unassociated with an outbreak, 2 cases are community contacts meaning they are connected to another positive COVID-19 case not within the same household.
- Of those unassociated with an outbreak, 18 cases are household contacts meaning they are connected to another positive COVID-19 case within the same household.

**Age Breakdown**

**Confirmed Cases by Week**
